Evaluation Branch

Ginette Plourde, Director
French-Language Education Policy and Programs Branch

Don Young, Director
Information Management Branch

DATE : June 16, 2008

SUBJECT: Confirmation of Earned Credit Data – Final Step

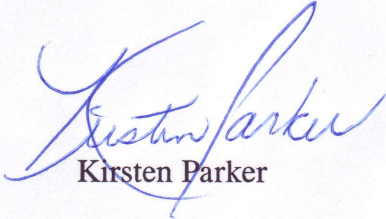

At the Student Success symposium, scheduled from June 11 to June 13, 2008, Student Success Leaders were provided with board data packages concerning credit accumulation. These packages were created using OnSIS data for 2005-2006 and 2006-2007 that was updated by school boards in the recent data confirmation exercise.

Given the importance of this indicator on a moving forward basis, we are extending the period for data confirmation to permit boards one final opportunity to scrutinize their credit accumulation reports and make changes to relevant data where this is necessary. The new deadline for submitting any final changes to your data, confirmed by the Director of Education, is June 27, 2008. Changes must be submitted through your board OnSIS Contact to the OnSIS Mailbox . The most recent data received from your board will be considered final and confirmed if no changes are received by this date. Please note that the confirmed data will be used to update the Ministry website by mid-July 2008 and will be the basis for future updates concerning cohort credit accumulation.

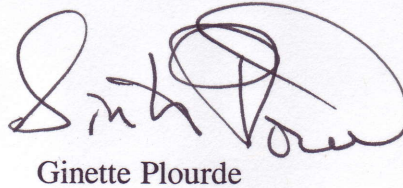

If you are confident that your board's credit related data is complete and accurate, no further action on your part is required. In closing, we would like to thank you in advance for your attention to this important matter. You may contact Rick Victor at (416) 325-4187 or rick.victor@ontario.ca if you have questions concerning the credit

accumulation report. For French boards, you may contact Michael Philbin at (416)325-4391 or michael.philbin@ontario.ca if you have questions concerning the credit accumulation report. The ministry OnSIS team will also be available concerning any data questions that your staff may have.

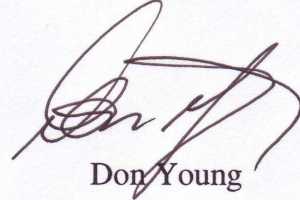

Sincerely,

Kirsten Parker

Ginette Plourde

Don Young
